## QUICK VERDICT CONVICTS MAN IN COURT TODAY

An Adams County jury took 15 minutes this morning to find Carl Di Nunzio, Boyertown, R. D. shoe repair supplies salesman, guilty of indecent assault and battery involving an eight-year-old McSherrystown girl.

The jury retired to consider its verdict at 9:50 o'clock and returned with its decision at 10:15.

Trial of William Junior Metz, Waynesboro R. 1, on a morals case began immediately and continued into the afternoon. There was some testimony this morning concerning possible intimidation of a witness or witnesses by a relative of the defendant.

### Protest On Costs

Members of the jury hearing the Metz case include Mrs. Mary C. Baker, East Berlin R. 1; Clair Bricker, York Springs R. 1; Jay P. Brown, 343 York St.; Mary V. Crouse, Littlestown R. 1; Mrs. Margaret Frederick, Arendtsville; William Gilbert, Gettysburg R. 1; Mrs. Jessie Kane, Cashtown; Stanley Keefer, 42 South St.; Claude J. Lawrence, Hanover R. 4; William Nicholson, New Oxford R. 1; Norbert Small, Hanover R. 4, and Luke Sprinkle, Littlestown R. 2.

Costs in the case of assault of which Dale R. Reichert, Abbottstown R. 1, and Robert L. March, East Berlin, were acquitted Monday, totaled \$290 and the cost were paid under protest thus permitting the filing of exceptions to the costs. Attorney J. Francis Yake Jr. said he intends to file the exceptions for Reichert and March in the near future. The costs ran high because 22 witnesses were listed: Only about a dozen witnesses actually reached the witness chair during the trial, although a number were called and disqualified.

Taylor, while employed at Wetzel's orchard, had gone to Gettysburg to secure a hunting license and then attended a movie. Later he discovered his wallet missing. He thought he had lost it on Chambersburg St. and searched in vain.

Saturday Mrs. Wetzel, shopping in Gettysburg, saw William Lewis, manager of the Strand Theater and asked if a pocketbook had been found and gave the description. Lewis said it had and turned the pocketbook, with the money still intact, over to Mrs. Wetzel to be forwarded to Taylor.

## CLUB HEARS OF WRIST RADIOS, TV TELEPHONES

The days when everyone can have "Dick Tracy wrist radios" and talk to anyone, anywhere, anytime by wireless telephone were envisioned for members of the Gettysburg Lions Club Monday evening in a talk by Howard Davenport, Harrisburg, a representative of the Bell Telephone Company.

Wearing one of the wrist radios that he said someday will be available in mass production, Davenport talked on "The Mighty Midget" and told of the many new marvels in electronics the tiny transistor is making possible.

He said it will "do everything the vacuum will do and a lot more and has the advantages of being smaller, sturdier, simpler and much longer lasting."

### TV Telephones

He said: "The men in our laboratories do a lot of dreaming. They dream about the day when you will be able to call anyone, anywhere in the United States or Canada without wires on an instrument you would hardly recognize as a telephone. By operating 10 buttons on a small instrument such a call could be completed any hour of the day or night and when you reach your party you'll have a head and shoulders picture of the person with whom you're talking. They envision the day when every youngster at birth will be given a communication number and as soon as he is big enough will be sending and receiving messages of his own."

"With this electronic wonder, the transistor, as a beginning, you 'ain't seen nothin' yet' in electronics," Davenport declared as he used transistor, battery and bulb combinations to demonstrate the use of transistors as oscillators, selectors and amplifiers. Davenport was introduced by Walter Meigham, a member of the club.

### Vote Two Donations

During a brief business session the Lions voted \$25 to the Adams County Association for Retarded Children and \$20 to the Retail Merchants for the Xmas street decoration fund.

December 6 was set as the time for a decision about next spring's minstrel show. Dr. Clarence Bartholomew, chairman of a special investigating committee on the show question, said his committee is not ready with a final report.

President Elmer H. Schriver presided at the meeting with more than 100 members and guests in attendance. Guests included seven service employees of the local United Telephone Company who were introduced by John Caldwell, company manager.

A chorus rehearsal and a meeting of the club's board of directors followed the general session. The club will not meet next Monday.

## 5,000 Year Old Solar Boat Of Pharaoh Cheops Found

### By WILTON WYNN

CAIRO, Egypt (U. S. —) Workmen whose ancestors sweated to build the Pyramids today lifted a 20-ton limestone slab sealing off a wooden boat buried at one of those royal tombs about 5,000 years ago.

A crowd of diplomats, scholars, officials and newsmen crowded forward for a glimpse of the prow of the funeral vessel or solar boat of the Pharaoh Cheops, resting in a narrow chamber in the shadow of the Great Pyramid.

Shaped from wood to form a stylized flower, the prow had been detached. It lay on the deck along with a perfectly preserved 300-foot coiled rope, planks and pieces of rotten linen.

Many of the spectators said they could scent a faint aroma arising from the cedar woodwork, originally brought from Mt. Lebanon.

Witnesses collected in a wooden shed at the base of the Great Pyramid while chanting workers with pulleys lifted the stone slab, one of 42 forming the ceiling of the boat chamber.

When the slab was pulled away they could look down to see the front end of the craft nestling in a chamber that would rarely accommodate it.

Kamal el Mallakh, the Egyptian who discovered the chamber last spring, said the boat is longer than was previously believed. The length of the chamber indicated the boat would be 110 feet long, but if the detached prow was replaced the boat would be about 120 feet long.

Similar boats have been found in the past, but Mallakh said this

## New Oxford's Mail Carrier First To Use Cart On Route

The New Oxford post office has done it again.

Several years ago it was the first office to install a drive-up mail box for the convenience of motorists in front of the post office building in Center Square and now the town's only mailman has put in use the first mail cart in the county and the first in this area.

Blair Clark, New Oxford's town carrier who covers a six-mile route every day, says the cart makes his work lighter and every day he is learning how to cover the route in less time. He started using the collapsible, 8-pound aluminum and steel cart which has the approval of the U. S. Post Office Department.

He pushes or pulls the cart which carries his mail bag as he covers New Oxford's streets with five return trips to the post office to re-load the cart can carry the 35-pound limit put on carriers' loads by department regulations.

Mr. Clark, who worked in a machine shop before he started carrying New Oxford's mail in April, 1949, is 29 years old and lives on Berlin Ave. in New Oxford. He is a

## M'SHERRYSTOWN BRANCH MAY BE OPENED BY BANK AT LITTLESTOWN

That information became available today with the mailing Monday by President Wilbur A. Bankert of the Littlestown State Bank of a letter to the shareholders of that bank giving notice of a special meeting of the Littlestown Bank's shareholders on December 3 and of the annual meeting of the shareholders on December 21.

### Seek Stockholders' OK

Mr. Bankert wrote in part: "Your Board of Directors, believing it would be for the best interests of Littlestown State Bank to acquire certain of the assets and assume certain of the liabilities of Farmers Bank of McSherrystown for the purpose of establishing a branch bank in the premises now occupied by Farmers Bank of McSherrystown, entered into a written agreement with Farmers Bank of McSherrystown." ## WILL DISPLAY NEW RAMBLER CARS ON FRIDAY

American Motors today moved for a larger share of the 1955 automobile market with the introduction of its new Rambler series.

According to George Romney, president, the new models will be sold and serviced by Nash and Hudson dealers, and will be displayed officially on Friday. Some dealers will offer previews of the new models Wednesday, November 24.

The Rambler will be identified by newly-designed Nash and Hudson medallions. A volume develops, further distinction will be made between Nash Rambler and Hudson Rambler cars, Romney said.

"Offering the new Ramblers through two independent national dealer groups will immediately double the sales and service outlets for this smart, low-priced car pioneered by Nash several years ago," he said. "The greater marketing strength behind the Rambler alone should sharply increase its public acceptance and sales, but equally important."

### "THE ROAD OF LIFE"

When traveling the road of life . . . we go through many stages . . . so I will try to paint a view . . . of different times and ages . . . first comes the phase of babyhood . . . when life was light and breezy . . . and if we wanted anything . . . by crying, it was easy . . . then golden days of childhood came . . . when it was always spring . . . and we were all securely tied . . . to mother's apron string . . . too suddenly our teens appear . . . our world's a wonderland . . . impressionable time of life . . . when everything seems grand . . . soon we are in adulthood . . . and trouble starts to rain . . . but through the teachings of our youth . . . we make each loss a gain . . . now middle age and still we plod . . . although the going's rough . . . we learn to live from day to day . . . and heartaches we rebuff . . . then twilight with its mellow glow . . . dear thoughts of way back when . . . and if we linger long enough . . . we're children once again.

Kammerer, pastor of St. Paul's Lutheran Church, at the union vesper service on Sunday evening in St. Paul's Church, centered around Palestine, Bethlehem, Hebron and the Dead Sea. The Rev. The only thing remaining to be done is the disposition of some equipment, movie projectors, filing cabinets, etc., still in the county. Their value is estimated by the VA at "about \$200 because of depreciation over the years. Lighter said that the VA has not as yet decided what to do about the equipment.

Today's Talk

THE HUMBLE SANDWICH  
My friend Bob Updegraff (it's fun to have friends like him) has written me a letter in which he says that "a sandwich is a feast for the hurried, and the poor man's banquet." Well, thanks, I say to him, and may he send me letters often!

I think we can well say that the humble sandwich is notably an American institution, especially the hot-dog sandwich. At a lunch counter a few days ago I took particular pains to note those who were eating sandwiches. Across from me sat a big, healthy type of a man. He had just been served a three-decker sandwich, which he finished in exactly four big bites! Then, with two cups of coffee to aid in the journey of that sandwich, he asked for his check and departed.

It would be interesting to know just how many sandwiches are consumed all over this land of the free and home of the brave during a single day. Millions and millions, I am sure. Many eating places sell nothing else. I believe that restaurants could specialize on two or three excellent kinds of sandwiches, and no more, and do a big business. Also, they could have special health ones, and those to satisfy the weight reducers. The number of calories to each sandwich could be printed after each on the menu!

Making up, and serving, a sandwich can become an art! And a paying one, at that, too. But somewhere most places serving merely sandwiches do so in a hurry, so as to make as big a profit as possible. Each one would be worth more, and taste better, however, if each came beautifully served—and with a smile!

Let's glorify the humble sandwich and give it its due. Its life is one of usefulness and necessity. It fulfills its mission and gladdens the lives of millions day in and day out.

Tomorrow Mr. Adams will talk on the subject: "The Story of Becky Gross"

THE WEATHER  
It's obvious the weather pays  
No need to man when he complains.  
When he wants pleasant holidays,  
If it is in the mood it rains.  
The grumbler finds his wishes vain  
However dear to him they are.  
He can be sure that it will rain  
The day when he has washed his car.

The weather isn't man's to choose.  
For him it's plain it little cares.  
It rains the day he shines his shoes  
Or when some raiment new he wears.

It's just a waste of time to wall.  
The blazing sun, the cold that nubs.  
The rain, the snow, the sleet, the hail,  
All have to take whatever comes.

2 AMERICANS  
APPEAL FROM  
CONVICTION

TURIN, Italy (AP)—Two American ex-service men launched an appeal here Monday against the conviction, in absentia, for the wartime, behind-the-lines slaying of OSS Maj. William Holohan of New York City.  
They are ex-Lt. Aldo Icardi of Pittsburgh, who was sentenced to life imprisonment, and former Sgt. Carl Lo Dolce of Rochester, N.Y., who was sentenced to 17 years in prison after trial in Novara, Italy, last November.  
The two men cannot be forced to return to Italy to serve the sentences. They presented their appeal to the Turin Court of Appeals through attorneys. Simultaneously, the prosecutor general who conducted the trial against Icardi and

several weeks, returned home last Tuesday. We are glad to note that Mrs. Gilbert's health is much improved.

Local Miscellany: Jacob Mundorff has torn down the old Culp blacksmith shop on S. Washington Street and will replace it with a new one.  
A new crossing has been laid by the borough authorities across Stratton Street at Wolf's warehouse.

A woman's exchange in charge of Miss Mary Sieber has been opened in the room formerly occupied by Miss Annie Reck, in the Brinkerhoff building, Baltimore Street.

The public schools are closed this week on account of Institute and the pupils are happy.

The Y. W. C. T. U. will meet with Mrs. Frances H. Walter, Thursday evening at 6:30.

There are at present 11 prisoners in jail here.

MENDES-FRANCE  
CREATES GOOD  
IMPRESSION IN  
WASHINGTON

By JAMES MARLOW  
WASHINGTON (AP)—French Premier Pierre Mendes-France made a good impression on official Washington by saying what the United States wanted to hear: he was for European unity, he was for re-arming Germany; and he stiff-armed Russia.

The Russians, who handled the French Premier gently while there seemed a chance he might start a middle course between Moscow and Washington, reacted to his statements here by blasting him yesterday before he started home.

He came here to discuss problems between this country and France. If he also came to win American goodwill and good publicity to strengthen his hand at home, he was successful.

Tough Bargainer  
Once he gets a solid hold on his job, if he gets it, he may be a tough man for the United States to do business with: not because of any antagonism to this country but for other reasons.

He's already shown that he's a tough bargainer, that he doesn't waste energy on emotion, and that he is a French nationalist determined to exact the last concession for France.

He has also demonstrated he is a man of action by the speed with which he (1) made an armistice with the Communists in Indochina; (2) agreed on rearming West Germany after the French Assembly killed the European Defense Community; (3) proposed political reforms in Tunisia to quiet the demands of France's North African colonials; and (4) proposed economic reforms in France.

Could Be Dismal Blow  
He still has to demonstrate both his wisdom and his ability and — or — willingness to turn his plans into deeds.

The truce he signed on Indochina gave the Communists half of Viet Nam. It may let the Communists get all Viet Nam unless the French work with the Indochinese in their area to prevent it. At this moment dispatches from Southern Indochina report growing chaos.

Mendes-France, perhaps because of his preoccupation with the problems of Europe, apparently hasn't spent much thought on the southeast corner of Asia, whose loss to communism would be a dismal blow to the West.

Lo Dolce opened an appeal against acquittal of three Italian codefendants.

3 Were Acquitted  
Aminta Migliari a wartime partisan leader, Gualtiero Tozzini and Giuseppe Mannini were acquitted after a joint trial with Icardi and Lo Dolce. Icardi was convicted of planning the slaying of Holohan and Lo Dolce was found guilty of firing two fatal shots into the major's head after an effort to poison him failed.

Newspapers here reported Icardi has sent the appeals court a letter promising "sensational revelations," but this could not be confirmed. Icardi's letter reportedly advised the court his "revelations" would "help fix the responsibility" for Holohan's death.

WILL FLY BODY  
OF VISHINSKY  
TO RED CAPITAL

NEW YORK (AP)—The body of Andrei Y. Vishinsky, Moscow's "no" man in the United Nations, went on public view today in the Soviet delegation headquarters on Park Avenue.

The tart-tongued Soviet deputy foreign minister died yesterday, reportedly of a heart attack. His body will be flown to Europe tonight for a state funeral in Moscow.

Moscow radio announced early today that the Soviet government and Communist party had appointed a commission to take charge of the funeral. Among its members are Deputy Premier M. O. Pervukhin and Andrei Gromyko, another deputy foreign minister who once held Vishinsky's job as chief Soviet delegate to the U.N.

The Soviet Embassy in London announced that Jacob Malik, Russian ambassador to Britain, will take over temporarily as head of the Soviet U.N. delegation. Malik, who has previously served at the international organization headquarters, leaves London by plane tonight.

Speculation as to Vishinsky's permanent successor centered on Gromyko, Malik, Georgi Zarubin, Soviet ambassador to the United States, and Arkady Sobolev, No. 2 man in the Russian delegation.

Vishinsky, 70, died while preparing a statement to the U.N. outlining Russia's position on President's Eisenhower's plan for a peaceful international atomic energy pool. The debate was immediately suspended until today.

China Snubs Red  
Representatives of 59 of the 60 nations represented in the U.N. paid tribute to their dead colleague's skill at a special meeting yesterday, even though many of them had bitterly opposed the ideas for which he fought. Nationalist China, whose U.N. seat the Soviets had long sought for the Chinese Communists, was the only U.N. member not represented.

There was no comment from the White House, but Secretary of State Dulles offered his condolences to Vishinsky's family and said the Soviet delegate was "an able and vigorous advocate of his

Franco's Party Is  
Easy Winner In Vote

MADRID, Spain, (AP)— Official returns early Monday in Spanish municipal elections gave Generalissimo Francisco Franco's Falange party 70 to 80 per cent of the vote. The Falange is Spain's only legal political faction.

The voting, in 10,000 towns and cities, was for four members of each local council.

Despite the ban on nongovernment parties, the Monarchists presented a full list of candidates in Madrid and some independents also appeared on the ballot. There was no well-organized opposition outside the capital.

PLEA IN EGYPT

CAIRO, Egypt (AP)—The Moslem Brotherhood's supreme guide, Hassan El Hodeiby, pleaded innocent Monday to charges of conspiring to overthrow Premier Gamal Abdel Nasser's government by violence and working abroad against Egypt's security.

He was arrested in a roundup of members of his fanatical political-religious organization after Nasser came unscathed through an attempted assassination at Alexandria Oct. 26.

It was this shooting which led to the ouster of Maj. Gen. Mohamed Naguib as Egypt's president eight days ago. The government charged Naguib, who had tangled with Nasser before in a struggle for power, was in on the plot. It was announced, however, that Naguib will not be tried.

The chief prosecution witness was Mohamed Khamis Hamida, deputy supreme guide. He declared Hodeiby was "the unchallenged boss and dictator" of the Brotherhood's secret army, blamed for acts of violence against the regime.

country's policies."  
Washington officials said Vishinsky's death would not mean any change in relations between the United States and the Soviet Union. They cited the general conviction that Soviet policy is determined in the Kremlin and not by its mouthpiece at the U.N.  
Long a sufferer from heart trouble, Vishinsky collapsed yesterday morning and was treated by his Russian personal physician, identified only as a Dr. Kosoff. The fact that Kosoff had no New York state medical license and could not sign a legal death certificate caused a delay in embalming the body.

TWO KILLED IN  
CRASH OF JET

BAITMORE (AP)—The two crew members of a Martin B57 jet bomber were killed Monday when the plane apparently exploded in air and crashed into the back yard of a private home near suburban Essex.

The burning plane set fire to the home of Edward H. Adams but his 32-year-old wife and three small children escaped without injury.

A spokesman at the Glenn L. Martin Co. plant said the twin-jet bomber, the American version of the English Canberra jet, was on a routine flight when it crashed.

Saw Plane Fall  
Mrs. Thelma Adams, 32, was in the kitchen of her home in the community of Long Beach, not far

from Martin's, when she heard the explosion and saw the plane fall in flames in her back yard.  
She rushed to the second floor and grabbed her baby son, Edward Jr., 2, from his bedroom, already on fire, then took her daughters, Mary, 12, and Judy, 8, and fled to a neighbors.  
Adams, a plumber, had already left home for work.  
Baltimore County police had no reports of anyone injured.  
The plane and Adams house were still burning more than an hour after the crash.  
The scene is about 10 miles east of Baltimore. The Adams home is across the Middle River, about two miles from the Martin plant.

Early-day ships sailing from the cape cod area often avoided the scourge of scurvy which plagued crews of other vessels by carrying cranberries which could be preserved for the entire voyage in barrels of water.

SEGREGATION  
CASE DELAYED

WASHINGTON (AP)—The Supreme Court Monday postponed arguments on how and when to end public school segregation. The arguments which had been scheduled for the week of Dec. 6, were delayed because of the vacancy on the court.  
Judge John Marshall Harlan of New York has been nominated for the seat of the late Justice Robert J. Jackson, but Senate action has been put off until the new Congress meets in January.

REPORTS ON SALES  
Property valued at \$64,542 changed hands during the week ending last Saturday, according to figures released by the office of the register and recorder. This compares with a \$55,373.50 total of property transfers for the week ending Nov. 13.

## New Oxford Cagers Have Four Regulars From Last Year; Open November 30

New Oxford High School's boys will open a 20-game basketball schedule Tuesday, November 30, when Spring Grove will be played on the latter's floor.

Prospects for a good season are fair with four of last year's starters returning.

Among his veterans Coach Russ Sohlleitner has George Spangler, a six-footer, with two years experience; William Little 5-11, Charles Sherman, another six-footer, and Donald Wiseman 5-8, all with one year of experience. Spangler is a senior and Little, Wiseman and Sherman are juniors.

Battling for the center post are Norman Humbert, 6-2 senior, and Jim Haverstick, 6-1 senior, who have had no experience.

Reserves from last year are making strong bids for all positions and all jobs remain wide open, according to Coach Sohlleitner.

In addition to the veterans other leading candidates include Lynn Dickinson 5-0, Welby Snyder 5-10, Richard Sipe 5-9, Johnny Huffman 5-8, and Harold Millhimes 5-10, all juniors, and Jan Sponseller 5-8, a sophomore. Dickinson is a transfer from Littlestown High School where he played jayvee ball.

**New Coaches**  
Assisting Sohlleitner this year is Lavore Breighner, a graduate of Littlestown High School, where he played varsity ball, and Millersville State Teachers College.

The girls' squad is being coached for the first time by Miss Gloria Krug who coached at Fairfield High School last year. She is a graduate of New Oxford High School and West Chester State Teachers College.

## BIG CROWD AT \$50,000 SALE AT NEW CHESTER

Sale of the Plainfield Hereford Farms, near New Chester, brought in excess of \$50,000 as one of the largest sale crowds in recent years gathered at the public disposal of two farms, 160 head of cattle and farm equipment, etc.

Buyers were present from throughout Pennsylvania and Maryland and from New Jersey, Ohio, New York, Virginia and Kansas.

Traffic jammed along the highways near the farms because of the large number of purchasers attracted and the Conewago Chapter of the Eastern Star which was scheduled to provide lunch ran out of food long before the sale was ended.

**Miller Assists**  
Paul E. Sanger, Lebanon, the auctioneer in charge, said that "good prices" were received on all articles sold and "bidding was fast," during the 8½ hours of the sale. Sanger was assisted as auctioneer by Philip Miller, Richard Buffenmayer and Paul Martin.

Farm No. 1, which included a large frame house, with all conveniences, a large natural Gettysburg Sandstone bank barn, and with 50 tillable acres and balance in pasture and woodland with two streams, was sold to Ronald Munday, Hanover, for \$17,000. Farm No. 2 one mile north of farm No. 1 and with 125 tillable acres, stream and large double brick house, brought \$13,400. It was purchased by J. B. Mellot and Luther Chilcoat, of McConnellsburg.

**Moved To Florida**  
The 160 head of registered Herefords included 51 cows, 12 bred heifers, 52 yearling and heifer calves, 20 yearling and bull calves, four herd sires, two polled and 20 steer calves. The top price, \$650, went for O. K. Gold Dust 6th A.P.H.A. 381610 naturally polled bull, the top sire in the herd. Many of the cows brought more than \$300 each, with the top price for a cow being \$390. Nearly all of the cattle were sold to out-of-county purchasers.

Edward Barger, the owner of the farms, recently retired and moved to Clearwater, Florida.

**STOCKS HIGHER**  
NEW YORK (AP) — The stock market moved higher in early dealings today with nearly all sections of the list participating in the upturn.

## BULLET CAGERS DRILL AGAINST SHIPPENSBURG

Gettysburg College's basketball squad went through a scrimmage with Shippensburg State Teachers College on the latter's court Monday evening and Coach Henry T. Bream was fairly well pleased with his Bullet squad.

Dick Hockenbury, Bill Snyder, Jim Sevebeck, Joe Bierly and Al Teti formed the starting group with Les Eckman and Eddie Ferren being the first line replacements. They completely outclassed the Teachers before Coach Bream broke up the group to use all members of his squad.

As his second unit the Bullet mentor used Wally Kuligowski, Lee Koppelman, John Schleicher, Rudy Featherstone and Jack Bream.

Today the local squad will be augmented by the addition of Bill Ward, Art Hendley, Fred Alleva and Sheldon Yingst. The quartet finished their football season last Saturday against Franklin and Marshall.

The Bullets open their season Wednesday evening, December 1, when Elizabethtown College will play here.

## BRANCH RICKEY STIRS TALK ON CLEMENTE DEAL

By JOE REICHLER

NEW YORK (AP)—Baseball men were still talking today over the way Branch Rickey "put one over" on his former partner Walter O'Malley by grabbing off one of Brooklyn's prize farmhands for the pailry sum of only \$4,000 at the annual major league draft meeting.

The player is Roberto Clemente, a 20-year-old speedy outfielder who, many report, is a sure-fire star of the future. Clemente was drafted by Rickey's Pittsburgh Pirates as the No. 1 draft choice among the 13 minor leaguers selected by nine big league clubs.

Was Bonus Player

Clemente has only one year of professional experience but he was eligible for the draft because he was a "bonus" player who received more than \$4,000 to sign with the Dodger organization. The Puerto Rican, who reportedly received \$20,000 to sign, batted only .257 at Montreal last season but big league scouts were attracted by his brilliant playing with the Santurce club this winter, where he is currently hitting .380.

"He was the No. 1 draft choice on at least four or five clubs," said the jubilant Branch Rickey Jr., Pittsburgh vice president. "He can run and throw. I think he will hit too." Other clubs who tabbed him No. 1 included Baltimore, Kansas City, Chicago White Sox and the New York Giants.

Altogether the majors shelled out \$122,500 for minor league hopefuls, including ex-big leaguers Mickey Grasso, Bennett Flowers and Cloyd Boyer.

Returns To Giants

Grasso, veteran catcher dropped by Cleveland after the World Series, comes back to the Giants, with whom he received his big league baptism in 1946. Flowers, a former Boston Red Sox relief pitcher, was plucked by Detroit from Louisville, where he had an 11-12 record. Boyer, released by the St. Louis Cardinals last year because of a sore arm, was obtained by Kansas City from Rochester.

Kansas City spent \$30,000 for three players, all pitchers. Besides Boyer, the club purchased Bon Spicer, a knuckleballer who had a 13-16 record at Los Angeles, and southpaw Art Ceccarelli from the Kansas City roster in the American Assn. Ceccarelli, former Yankee property, had a 15-12 record at Birmingham.

ADVERTISE IN THE TIMES

## ALL-IVY TEAM IS ANNOUNCED

NEW YORK (AP)—Brown and Cornell each placed three players on the All-Ivy League Football Team, announced yesterday by The Associated Press. Yale had two, while Harvard, Penn and Princeton had one each.

Brown supplied half the backfield—Pete Kohut of Ambridge, Pa., and Vince Jazwinski, along with tackle Jim McGuinness, John Morris, an end; Len Oniskey, of Philadelphia, a tackle, and Dick Meade, a back, were Cornell's representatives.

Yale chipped in with guard Thorne Shugart and center Jim Doughan. The team was rounded out by Princeton back Royce Flippin, Penn end Jim Castle of Abington, Pa., and Harvard guard Bill Meigs of Braddock, Pa.

Penn's Walter Hynoski of Mount Carmel, Pa., and Dartmouth's William Beagle of Danville, Pa., were selected backs on the second team while Princeton's John Henn of Drexel Hill, Pa., was picked as the second team center.

## MICKY GRASSO IS DRAFTED BY WORLD CHAMPS

NEW YORK (AP)—Twelve minor league players, including one who participated in the 1954 World Series, were drafted by the Major League clubs Monday.

Mickey Grasso, who caught for the Cleveland Indians briefly in the series before being sent down to Indianapolis after the season ended, was brought up by the New York Giants. The Giants swept the series in four games.

Other Draftees

The other draftees are: Roberto Clemente, Montreal outfielder, by the Pittsburgh Pirates; James King, Rochester outfielder, and Vincent Amor, Oklahoma City pitcher, by the Chicago Cubs; John Robert Line, Toronto shortstop by Washington.

Glenn Garbous, Montreal outfielder, and Gerry Dean, Buffalo pitcher, by Cincinnati.

Art Ceccarelli, Kansas City Blues pitcher, and Robert Spicer, Los Angeles pitcher, by Kansas City Athletics of American League.

Only Nine Participate

Ben Flowers, Louisville pitcher, by Detroit.

Joe Trimble, pitcher from Williamsport, Pa., by Boston.

Ruberto Vargas, Indianapolis pitcher, by Milwaukee.

Only nine of the 16 major league clubs participated in the draft with the new Kansas City club, Cincinnati and the Cubs drawing two players each.

Normally only one player may be drafted from each minor league team but Montreal and Indianapolis lost two each. Clemente was a bonus player and thus vulnerable while Grasso was in the open category.

Last year nine clubs chose 13 minor leaguers for cash payments of \$132,500.

## SMITH WINNER BY TKO OVER ARCH M'BRIDE

NEW YORK (AP)—Boardwalk Billy Smith, 173½, a ninth round technical knockout winner over Archie McBride, wants to fight heavyweights Nino Valdes or Don Cockerill while he waits for Archie Moore to defend his light heavyweight title.

Smith, No. 1 contender in the 175-pound class, dropped McBride, 184, three times for nine-counts last night at St. Nicholas Arena before referee Mark Conn stopped it. McBride was down twice in the seventh and once in the ninth. He was sagging against the ropes at the end.

Sheriff Gerald Gormley of Mays Landing, N.J., who doubles as Billy's manager, was to huddle with International Boxing Club officials today to make plans for the future. He wants Valdes or Cockerill but they don't want him.

Split Vote At Parkway

After a real "war" at Brooklyn's Eastern Parkway, the fans wanted to see more of both winner Billy McNeecce of Central Islip, N.Y., and Ted Olla of Milwaukee. McNeecce, a 23-year-old former paratrooper, probably will box Gene Fullmer of West Jordan, Utah, Dec. 30 and Olla may be matched with either Paddy Young or Bobby Dykes on the Dec. 27 date.

It was a split decision with Judges Joe Agnello (6-4) and Bert Grant (5-4-1) voting for McNeecce, 165½, and Referee Harry Ebbets scoring it a draw 4-4-2 with six points each. The AP card was 5-5, Olla weighed 164.

Wallet, Stolen Oct. 17, Found; \$25 Is Gone

John H. Palmer, night watchman at the Gettysburg Furniture Factory, told borough police Friday that he had found his wallet in the washroom of a local apartment, it was learned today. The cash was missing, but the purse was otherwise undamaged.

He had reported having been held up by two masked men on October 17, who took the wallet, containing \$25, and fled. He was on duty in the boiler room of the panel plant at the time. He gave a description of the bandits to the local police but so far no trace of them has been discovered.

Palmer, 41, resides with his parents, Mr. and Mrs. Samuel B. Palmer, 162 N. Stratton St.

## FRICK, MAJORS HAVE \$250,000 SUIT ON HANDS

NEW YORK (AP) — The major leagues and Commissioner Ford Frick had a \$250,000 suit on their hands today and the minor league club owner who filed it promised the majors even more headaches.

The suit, filed by Frank D. Lawrence of the Portsmouth Merrimack of the Class B Piedmont League, charges invasion of territory through broadcasting and televising of big league games.

Frick declined comment on the suit, but Lawrence, who estimated the Piedmont League lost \$150,000 the past year and might not be able to operate next season, had plenty to say in his home.

REACH "CRIME LAB" STAGE IN SHEPPARD CASE

By RALEIGH ALLSBROOK  
CLEVELAND (AP)—The prosecution, with most of its major witnesses out of the way, moved today into the "crime laboratory" stage of its case against Dr. Samuel H. Sheppard.

Assistant county prosecutor John J. Mahon called on Detective Michael S. Grabowski to tell of fingerprint and photographic work he did at the Sheppard home on the morning of last July 4.

Dr. Sheppard, a handsome, 30-year-old osteopath, is accused of slaying his pregnant wife Marilyn in the bedroom of their suburban Bay Village home on that date.

**Two Interpretations**  
The 40-year-old fingerprint expert, a policeman for nine years, took 13 photographs in and around the Sheppard house, including two of the victim's bloody corpse.

He also took fingerprint impressions in the bedroom, living room and den. Particular attention was paid to two desks—in the living room and den—whose drawers and contents were found pulled out.

The defense says a prowler killed Mrs. Sheppard and also ransacked the desks. The prosecution contends Dr. Sheppard committed the murder and made a clumsy effort to simulate a robbery.

Police have never said just what, if anything, the fingerprints taken by slender, dark-haired Grabowski have disclosed.

**Miss Hayes Later**  
The state said Miss Susan Hayes, a 24-year-old hospital technician, probably would be one of its last witnesses. A trim, pretty woman, Miss Hayes admitted intimacies with Dr. Sheppard in California.

The testimony yesterday of 42-year-old Dr. Lester Hoversten, of Glendale, Calif., failed to live up to what had been expected in many quarters. The defense let the witness go after only five minutes of cross-examination.

Assistant county prosecutor Saul Danaceau denied reports the state had any trouble with the witness.

"Dr. Hoversten testified to all matters that we knew anything about," Danaceau declared.

Dr. Hoversten said Dr. Sheppard, an old school chum, mentioned twice that he had considered divorcing his wife.

MAY BUILD LOW RENT HOUSES IN VARIOUS AREAS

PHILADELPHIA (AP)—The state Supreme Court has ruled in a 6-1 decision that low rent public housing projects need not be built only in slum areas.

In its decision yesterday, the court upheld a decision of the Pittsburgh Housing Authority which plans a project in the Summer Hill section of Pittsburgh.

Chief Justice Horace Stern said the authority was not arbitrary in its decision but had "full and adequate information and was in conformity with housing laws of both the Commonwealth of Pennsylvania and the United States."

Justice Michael A. Musmanno dissented.

In other decisions the court: Ordered a new trial in a Butler County case involving damages sought by survivors of a three-vehicle collision that took the lives of three persons in 1951.

Reversed an Allegheny County court ruling ordering Upper St. Clair Twp. to issue a certificate rezoning 185 acres of farmland as a cemetery at the request of the Catholic Cemeteries Assn. of the Pittsburgh Diocese.

**Other Objections**  
Musmanno also dissented in these

decisions.

In the Butler County case, Justice Allen M. Stearns said testimony given by a state policeman which quoted one of the original defendants in the case, had been admitted in error.

The original suit was filed in Butler County court in 1952 by Mr. and Mrs. Stephen A. Weshalek, trustees of the estate of Rosemarie and Mildred Catherine Weshalek, who were killed in the highway accident; and Mr. and Mrs. Walter Weshalek, parents of Beverly Weshalek, injured in the crash along with Dorothy Noga.

Defendants were Frank Weshalek, administrator of the estate of Mildred Oravec, driver of the car who was killed in the accident; J. H. Sprecher, Inc., owner of a truck involved in the accident, and John Krall, owner-driver of another truck.

**Was Severely Burned**  
Krall was severely burned in the accident and was questioned by State Policeman William J. Steiner while being taken to the hospital. Krall's statement was admitted as evidence at the trial.

Sterne said to admit as evidence the statement of the severely injured Krall was an error. "It did not measure up to the substantive requirements of a spontaneous utterance deemed by the law to have sufficient probative force," Sterne said.

In the Upper St. Clair Twp. decision, Sterne said "there is no evidence to support the finding of the Allegheny County court that

50 Millionth Car Made Today By GM

FLINT, Mich. (AP)—General Motors made industrial history today as it assembled its 50 millionth automobile.

The car, a gold-plated and gold-painted Chevrolet Bel Air sport coupe, was assembled in the Chevrolet Flint assembly plant 46 years after GM built its first car.

Production of the car was the signal for the start of a nationwide celebration. In 125 plants and training centers in 65 cities throughout the United States GM held open house and was host at luncheons for civic and business leaders.

THREE GUNMEN STEAL \$8,000

NEW YORK (AP)—Three gunmen took nearly \$8,000 from a theater manager and two guards early Monday just as they were depositing the money in a bank in Times Square.

The robbery on the sidewalk outside the bank at 12:30 a.m. was witnessed by the guard inside, who called police.

The getaway car, identified by the bank guard, was later found abandoned five blocks away at 41st Street and Park Avenue. It had been stolen from a garage in Brooklyn.

Had the gunmen appeared seconds earlier, they would have gotten an additional \$3,000. This sum was dropped into the night depository just as the robbers appeared.

The stolen money was receipts from six theaters in the Times Square district.

HOLD HEARINGS ON YOUNGDAHL

WASHINGTON (AP)—Officials of the Justice Department were called before a Senate Judiciary subcommittee today to explain an effort to induce U.S. Dist. Judge Luther Youngdahl to withdraw from the Owen Lattimore perjury case.

Chairman Langer (R-ND) of the full Judiciary Committee, who heads the subcommittee too, set up the hearing at the request of Sen. Hennings (D-Mo.), a subcommittee member, who said in a statement last night he wants the group to "get to the bottom" of the matter.

Hennings first called for an investigation after Leo A. Rover, U.S. attorney for the District of Columbia, filed an affidavit accusing Youngdahl of a "fixed, personal bias and prejudice" in favor of Lattimore, Far Eastern affairs specialist.

Youngdahl rejected the affidavit as "scandalous" and rejected Rover's request that he disqualify himself from trial of the case.

NEHRU SALUTES U.S. PRESIDENT

NEW DELHI, India (AP)—Prime Minister Nehru saluted President Eisenhower Monday as a worker for peace.

He told Parliament members a big scale war appeared near on two occasions this year—in March and September.

"Fortunately these crises passed without disaster," he said, "and in this matter I would like to pay a tribute to the part played by the President of the United States of America in the avoidance of war."

(This dispatch did not elaborate on the crises to which Nehru referred. However, March marked the opening of the fateful battle for Dien Bien Phu, the French fortress whose fall to the Red-led Vietnamese finally tumbled French hopes of victory in Indochina. And in September there was another in the series of aerial incidents over the Sea of Japan, a U.S. Navy patrol plane shot down by Russian jets, that led U.S. Senate Majority Leader Knowland to call for breaking off American diplomatic relations with Moscow.)

HARRISBURG (AP)—C. H. Buckius, chief engineer for the state Highways Department, has applied for retirement to become engineering representative for Lehman Brothers, a New York investment firm.

TOKYO (AP)—A spokesman for the U. N. Command said Monday U. S. Far East Commander Gen. John E. Hull will use "all means at his disposal" to protect Communist Czech and Polish members of the Truce Supervisory Commission.

That would include use of U. S. and U. N. troops if necessary, the spokesman indicated.

## CHINESE FOOD NOT FATTENING SAYS MRS. PIKE

By DOROTHY ROE  
AP Women's Editor

One good way never to get fat is to be born a Chinese. Another is to eat Chinese food, says Florence Pike, a Bostonian who owns one of New York's most successful Chinese restaurants.

Mrs. Pike got into the restaurant business somewhat by accident. She started her business career as a house wrecker, helping her father Myron Darrish, sleek, sophisticated Mrs. Pike now recalls:

"I used to be a regular Power-Katinka, and the wrecking business was right up my alley. When I married Joel Pike we went into the business together, and liked it. Then we started traveling a lot, ate in a lot of Chinese restaurants all over the country and decided if we ever went broke we'd open a Chinese restaurant in New York."

**Use Cantonese Recipes**  
About this time the Pikes met Ruby Foo, who ran a Cantonese restaurant in Boston.

Watching the popularity of the restaurant, Mrs. Pike made a proposition to Ruby Foo — to open a similar restaurant in New York on a partnership basis, using the same Cantonese recipes.

That was 20 years ago, and Florence Pike has been presiding over the exotic Oriental dishes served up in midtown New York ever since. As to the dietary values of Chinese food, she says:

"You seldom see a fat Chinese. One reason probably is that no bread or potatoes are served with Chinese meals, and in China they use no butter, milk, cream or cheese, because of the scarcity of dairy products. They use bean curd instead, and get the vitamins in their diet from other things, such as the soya sauce and the crisp green vegetables used in Chinese dishes. Sauces are thickened with rice flour, with the starch removed, so the food is remarkably low in starch and fat, high in protein and vitamins."

The Soo canal carried 95,844,449 tons of iron ore in 1953.

## Remington Is Attacked In Pen

LEWISBURG, Pa. (AP)—Warden Fred Wilkinson said today William T. Remington, former U. S. Commerce Department economist serving a three-year term for perjury, was attacked with a brick concealed in a stocking in a dormitory of the federal penitentiary here.

Wilkinson said Remington yesterday suffered multiple lacerations of the face and head and has a probable fracture of the skull. He said the prisoner lost much blood and is being treated in the prison hospital.

Wilkinson said the Federal Bureau of Investigation and the Federal Bureau of Prisons are investigating the attack. He said he could give no details of the attack.

**Read Story, Poems**  
Mrs. King read a story in honor of Thanksgiving and Mrs. Robert read two poems, "A Lost Thanksgiving" and "Sue's Thanksgiving." The meeting opened with group singing of the hymn, "O Come All Ye Faithful" with Mrs. Glenn Keller as the piano accompanist. Devotions were conducted by the chaplain, Mrs. Wilmer Diehl.

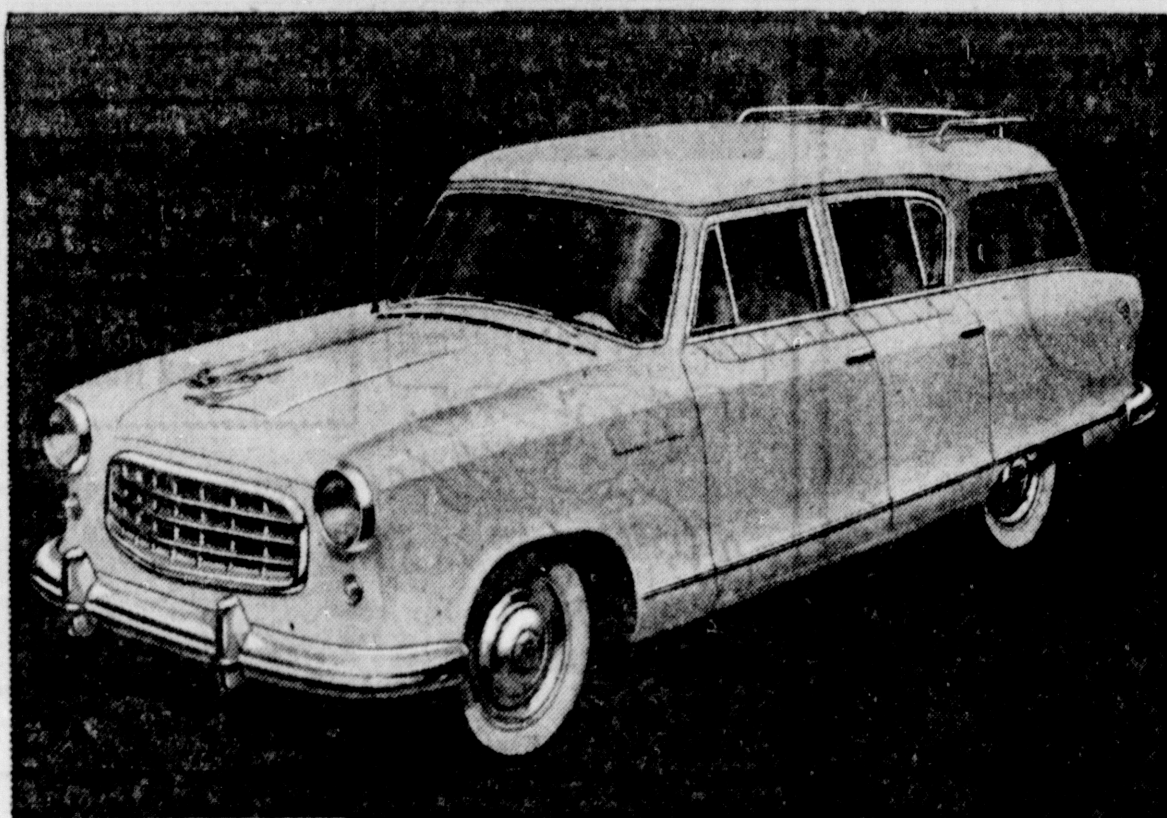

Refreshments were served by the following hostesses: Mrs. Kermit Deardorff, Mrs. Paul Martz, Mrs. Hilda Diehl, Mrs. Roland Derr, Mrs. Edgar Dillon, Mrs. Fred Starnier and Mrs. Frank Dillon. ## Defer Discussion Of German Arms

WASHINGTON, (AP)—North Atlantic Treaty military leaders have decided to wait until next month before discussing rearmament of West Germany as a member of their anti-Communist alliance.

This was disclosed yesterday in a communique at the windup of an unexpectedly brief conference of the NATO Military Committee, composed of the top officers of the 14 member nations. The meeting had been scheduled to run for two days, but it ended in less than one.

The communique said consideration of West German rearmament had been postponed until the group's next meeting in Paris in mid-December, presumably to give NATO governments more time to ratify agreements covering West German participation.

Shown is the 1955 Rambler Cross Country station wagon, featuring modern styling refinements and outstanding maneuverability. According to George Romney, president, American Motors Corporation, the Rambler will become the first "basic volume car" sold and serviced by both Nash and Hudson dealers. The four-door Cross Country features a distinctive "stepped" roof-top line, highlighted by an auxiliary luggage carrier called the "Travel-Rack." In addition to the Cross Country, the Rambler line includes the four-door sedan model in the 108-inch wheelbase series and the two-door suburban station wagon, Country Club hardtop and Club Sedan in the 100-inch wheelbase series.

## HANGED IN CAR

CLEVELAND (AP)—Mrs. Jean Carter, 27, returned to her car after shopping in a grocery store yesterday and found her 16-month-old son, Andrew, hanging by his head from a partly-opened rear window. The baby was pronounced dead at a hospital. Police theorized he stood on the rear armrest and stuck his head out the window, catching his head when his feet slipped.

Shoes shaped differently for the right and left feet were first made just before the American Civil War.

ant are design changes we think will make the Rambler America's easiest-to-use automobile."

### Sales Expanded

"Within a year after its introduction, the Rambler was the largest selling car in the convertible and station wagon field," he said. "It took hold quickly because it represented the first effort to meet the changing needs of the American Motorist, as he moved to the suburbs, increased his second-car needs and struggled with traffic and parking problems. Its combination of individual passenger roominess equal to the biggest cars, greater compactness and its double strength unit body made it the first successful new car idea in many years. Now that we are able to build it in all body styles and offer it through twice as many dealers, we feel confident it can become America's fourth low-priced car, with features exclusive in this field."

The 1955 Rambler models include the two-door Suburban station wagon, Country Club hardtop and Club Sedan in the 100-inch wheelbase series, and the four-door Sedan and Cross Country station wagon in the 108-inch wheelbase series.

Styling refinements are highlighted in the entire range of Rambler models. Low and sleek in appearance, the new Ramblers are styled by Pinin Farina, European custom car designer and styling consultant to American Motors.

## VAGARIES OF WEATHER BRING ADVENTURE TO AIR TOURISTS

By HAL BOYLE

KEFLAVIK AIRPORT, Iceland — All that goes up has to come down.

But sometimes the international air tourist of today doesn't always come down where he planned to. The vagaries of wind and weather still influence the big, winged covered wagons he flies in, and on occasion they combine to land him for a free look at a country that wasn't part of the scheduled trip.

Your timetable tourist may get peeved at this and regard it as a conspiracy against his vacation program. Those who regard travel as a form of adventure in itself, however, will accept the situation as an unexpected bonus.

So I felt fortunate that strong headwinds—and a wheel broken in landing—gave me a chance to land at this northern U. S. airbase and see my first sunrise on Iceland.

### Snapped A Wheel

Our big Sabena DC6 plane, after taking off from Brussels, was supposed to pause at Shannon in Ireland before proceeding to New York. But to avoid powerful Atlantic headwinds it curved northward to refuel here.

We skimmed to a perfect landing, but as we rolled across the

frigid field there was a sudden loud crack. It sounded as if we had merely crumbled a patch of ice. But when we alighted the captain immediately went to one of the wheels and discovered it had snapped. As two big wheels are paired on each side against such an emergency, the danger, if any, had been slight.

A broken wheel on a covered wagon in the days when the West was being settled was often a real calamity. But this mishap to our plane was only a mild vexation—another chore in the day's work—to our captain.

### Matter Of Hours

"We will have to locate another wheel and put it on before we can take off," he said matter-of-factly. "It will take a few hours."

It always amazes me how modern people, born in the days of horse-and-buggy travel, now take the miracle of air passage for granted.

Two businessmen were still grumbling a bit about the delay, even after breakfasting well in the terminal on bacon, eggs and steaming coffee. It was no consolation to them that Christopher Columbus had had a considerably rougher time on his voyages.

### Nothing To See

On the other hand, a group of elderly tourists, returning from a three-month tour of Africa, were quite gay and cheerful. An 87-year-old retired California banker and his wife wanted to organize a quick tour to see the sights of Reykjavik, Iceland's capital.

An American Air Force corporal, stationed at the base here, waved his hand at the polar darkness outside, and advised:

"The octogenarian banker

## 130 AT FATHER, SON BANQUET

One hundred thirty attended the 19th Father and Son banquet of the Grace Evangelical Lutheran Church, Two Taverns, in the church's parish hall Friday evening.

Rev. Edwerth Korte, chaplain at Gettysburg College, spoke on "The Christian Home." He told of the need for "establishing a greater fellowship within the family, and for establishing a greater confidence between father and son."

Rev. Oscar E. Feeman, pastor of the church, was the toastmaster. Dinner was served by members of the Ladies' Aid of the church. The committee in charge of the affair included John Trostle, Clarence Myers and Glenn Bowers.

The "Message to the Sons" was delivered by Walter Fissel. The "Reply of the Sons" was given by his son, Wayne Fissel. Mr. and Mrs. Lynn Kepner played a piano and trumpet duet, and Mrs. Kepner and Wayne Fissel sang solos.

The youngest son present was Gregory Bowers, age 2, son of Clair Bowers. The oldest father present was Howard Snyder, age 74. Wilbur Rudisill was the father present with the most sons, five. John Day traveled the farthest, having come from Mt. Joy, Lancaster County.

Three Sunday School superintendents were present: Elmer Schildt, of Harney Lutheran Church; William Fissel, of St. James Reformed Church, Littlestown, and Glenn

## Truck's Cargo Kills Bus Passenger In Md.

CHESTERTOWN, Md. (P)—Wharf pilings loaded on the rear end of a huge truck knifed into the right side of a bus loaded with industrial plant workers at Georgetown, Md., late yesterday killing one and injuring several others.

The dead woman was Mrs. Margaret Bastow, 64, of Chestertown, a survivor of the July 16 explosion at the Kent Manufacturing Co. plant here which took 11 lives.

### GAVIN IN BERLIN

BERLIN, (P)—Rep. Leon H. Gavin (R-Pa.), a member of the House Armed Services Committee, arrived in Berlin Monday. He is the first of 10 congressmen scheduled to visit the divided city this week.

Former President Herbert Hoover also will visit Berlin this week, arriving on Thanksgiving Day and leaving Saturday.

Gavin will spend three days here. After inspecting installations of the Berlin command, he leaves by train Wednesday for Frankfurt.

Want a hearty soup for lunch? Make it from creamstyle corn, diced cooked potatoes and milk. Add chopped onion and green pepper, cooked lightly in a little butter or margarine along with salt and pepper to taste. Dust each bowl of the soup with paprika before serving.

Bowers, of Grace Evangelical Lutheran Church.

Four generations of the Bowers family attended the banquet: Bernie Bowers, son Glenn, grandson Clair, and great-grandson Gregory.

## STEEPLEJACK DIES IN FALL

BALTIMORE (P)—A 300-pound steeplejack died last night eight hours after a rescue line snapped and sent him plunging 100 feet from the top of a weather tower. Peter Jekubs, 50, hung head downward and helpless for more than an hour after he had slipped on the tower and a rope, snarled around one leg, held him fast above the YMCA Anchorage Seaman's Building here.

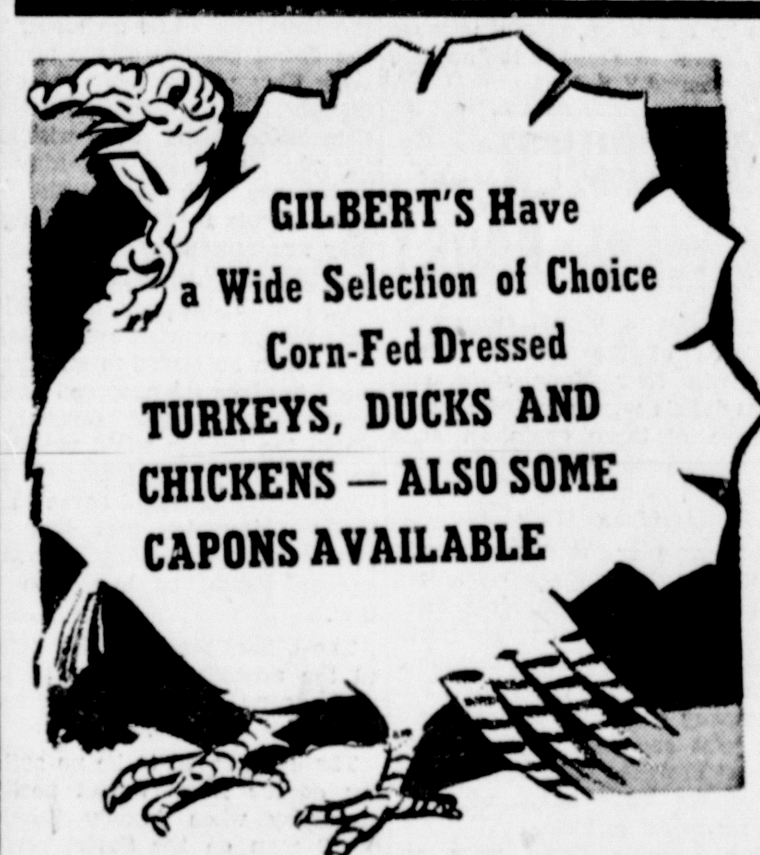

A safety belt was buckled around Jekub's waist by two firemen and a rope fastened from a block-and-tackle to a hook on the safety belt. When a third fireman cut the hal-yard holding Jekubs the steeplejack started to fall. His body twisted as it reached the end of the slack on the safety rope.

The combination of his weight and the twist pulled the belt hook out and Jekubs kept on falling, plunging down the areaway in the middle of the building to the ground.

Here's a taste-teaser to serve with tomato juice or a vegetable juice cocktail. Mix flaked crabmeat with grated sharp cheddar cheese and mayonnaise; spread on small toast squares; place under the broiler until lightly browned.

## TV INTERFERES WITH MILLAND'S MOVIE ROLES

NEW YORK (AP) — Ray Milland finds television has interfered with his movie career in only one way: he sometimes must turn down roles because he's too busy filming his video show.

Otherwise, he says, "it hasn't hurt my picture career."

Milland, whose last movie was "Dial M for Murder," will resume his movie work in late March. He's scheduled to do one for Warner Brothers and to direct and act in one for Republic.

### Likes TV Better Now

"The movies used to take people from the stage; now they take them from television," he declares.

Now in his second year on the air, Milland likes TV much better than a year ago.

One reason is that since he's become accustomed to it, "things come much easier." But the more important reason is that his role as a drama professor in a coed college is more to his liking than that of last season as a girls' instructor always involved in ridiculous situations.

### Better Name, Better Show

"Last year was kind of painful," he admitted on a recent trip here from Hollywood, where the program is produced. "This year it's almost pleasant."

This year he's Professor McNulty and the title is simply the Ray Milland Show. Last year he

was Professor McNulty and the show was entitled Meet Mr. McNulty.

The current show is as much an improvement over last season's as the change from McNulty to McNulty would indicate.

### Wally No Pushover

Wally Cox as the shy Mr. Peepers gives the impression of being none too husky but anyone who tried to push him around might come in for a surprise.

Tony Randall, Wally's friend off-screen as well as his pal Harvey Weiskitt on the show, reports that Cox is quite an athlete with a physique that would make most men envious, and keeps himself in top condition. One of Wally's favorite conditioning exercises at the gym where they work out together, says Randall, is weight lifting, "but he has to be careful because he has a tendency to become muscle-bound."

## 7,000 GIVEN WAGE BOOST

CORNING, N. Y. (AP)—About 7,000 employees of the Corning Glass Works in New York state and Pennsylvania were granted a wage increase of three cents an hour and other benefits under the provisions of a new labor contract signed here on Sunday.

The one-year contract covers about 5,000 Corning area members of Local 1,000, the American Flint Glass Workers Union of North America, and about 2,000 members of Local 1,001 in Wellsboro, Pa. Company and union officials said the contract provides total benefits, including the wage boost, of more than six cents an hour.

Other benefits listed were an improved pension plan, a reduction in employee contributions to a health and accident insurance program, seven paid holidays for all employees, and an increase in weekly health and accident benefits.

Wage provisions of the contract became effective today, but other contract terms go into effect Jan. 1, 1955. Present wage scales were not disclosed.

Harry H. Cook, international president of the union, said the agreement marked the 11th consecutive year of "harmonious" negotiations with the company.

## ALLIES PUSH IKE PLAN FOR ATOMIC PEACE

UNITED NATIONS, N. Y. (AP)—The Western Allies pressed ahead today for unanimous U.N. support of President Eisenhower's atomic-peace plan despite new Soviet attempts to clamp Security Council veto power on the program.

Western delegates did not expect the death of Andrei Vishinsky, chief Soviet spokesman to delay Assembly action on the Eisenhower program.

Diplomats were still confident the Russians would go along with the broad outlines of the proposal once they placed their objections on record in the 60-nation Political Committee, India, also critical of the plan, disclosed yesterday she would not insist on putting her amendments to a vote as long as they are recorded.

### Asks Amendment

One of Vishinsky's last official acts was a surprise switch Saturday, when he tossed in an amendment to place the proposed agency under the Security Council, in which the Soviets wield veto power. Vishinsky had indicated previously that he would agree to negotiate later on just how the proposed international atomic agency should be linked to the U.N.

The United States quickly rejected the amendment, insisting that the agency should not be hamstrung by the veto.

There appeared to be no softening of the latest Soviet position yesterday when Arkady Sobolev, No. 2 man on the Soviet permanent delegation, said in a pinch-hit appearance for Vishinsky that the Russians wanted:

1. The proposed agency to be responsible to the General Assembly—and the Security Council in cases provided for by the U.N. Charter.
2. The proposed international scientific conference to be open to any country desiring to take part. That would include Red China.

## NBC REFUSES JOE AIR TIME

WASHINGTON (AP)—Is Sen. McCarthy (R-Wis.) planning to strike out with fresh blows at his critics or is he ready with some sort of retraction designed to soften the censure charges pending against him in the Senate?

Senators puzzled over this ques-

tion today even though McCarthy was refused the forum he sought—15 minutes free television time over the National Broadcasting Co. network on Thanksgiving Day. NBC late yesterday turned down, without explanation, the senator's request.

McCarthy himself wasn't answering calls placed to him by reporters although he posed for news pictures yesterday with his wife Jean at Bethesda (Md.) Naval Hospital, where he went last week for treatment of an injured elbow.

In his absence, the Senate is marking time until next Monday, with a likelihood that debate on a censure resolution would be delayed beyond that date if he is not out of the hospital.

Sen. Dirksen (R-Ill.), an ally of McCarthy in the fight against the censure move, said today he has "no idea" whether McCarthy will be out of the hospital by then.

McCarthy was said to have undergone minor surgery yesterday, although here was some confusion over the question—perhaps

## SAY DEATH OF VISHINSKY IS BLOW TO USSR

By WILLIAM L. RYAN  
AP Foreign News Analyst

The death of Andrei Y. Vishinsky is a blow to Moscow's propaganda drive. To the Soviet people and the Communist world, Vishinsky was Mr. Peaceful Coexistence.

At this stage of the current global tug of war, Vishinsky was a symbol of the Soviet drive to convince the world Moscow alone was the bulwark of peace. With talents peculiarly suited to the task, he succeeded in convincing many.

Soviet policy was transmitted to him and announced by him as chief delegate to the United Nations, creating the impression that the U.S.S.R. intended to make the world organization the principal arena of its political war with the United States.

### Hard To Replace

For many reasons it will be difficult for Moscow to replace Vishinsky. The Kremlin has nobody at the moment of his caliber and talents.

Dour, unsmiling Andrei Gromyko might be regarded as the logical successor, but some factors could rule him out. Though a veteran of U.N. debates, he is known to be in extremely poor health and gossip has it he suffers from an incurable

because of different definitions of the word "operation."

ailment. In addition, he is believed to be a protégé of Foreign Minister V. M. Molotov, which might be enough in current high-level Soviet politics to keep him from rising higher. At present he is a "first" deputy foreign minister, the same rank Vishinsky held. His present station is in the Moscow Foreign Office.

There is no question Gromyko now ranks highest in the Foreign Ministry under Molotov. But there are others in the ministry's collegium to choose from, able diplomats who have proved themselves abroad.

Prospective candidates include Deputy Foreign Minister V. A. Zorin, a tough negotiator and dedicated diplomat who helped engineer the Communist coup in Czechoslovakia, and Jacob Malik, who has headed the Soviet U.N. delegation in the absence of Vishinsky or Gromyko and who is now ambassador to Britain. It is even possible that there will be a general diplomatic shift to permit the appointment of someone like Georgi Zarubin, now ambassador to Washington.

WAYNESBORO, Pa. (AP)—Police said a 23-year-old inmate of a Maryland reformatory was killed near here yesterday when the truck in which he was making his getaway crashed into an embankment and overturned.

Officials of the Maryland State Reformatory for Males identified the man as Howard L. Dietz, Baltimore, Md.

They said he broke away from a work detail at the Mary Victory Cullen Tuberculosis Sanatorium at Sabillasville, Md.

Robert L. Clopper, assistant superintendent of the Roxbury Reformatory, said Dietz was driving a stolen truck when it apparently went out of control and plunged down an embankment. Dietz died en route to a hospital.

Clopper said Dietz was serving a four-year term for burglary.

# GROUP URGES TARIFF CUTS TO INCREASE TRADE

WASHINGTON (AP)—The Committee for Economic Development, a private research organization of business leaders, today urged a five-year extension of the reciprocal trade program and "gradual and selective tariff reduction."

The CED policy statement, although in the main supporting President Eisenhower's tariff program, went further than the President in some respects.

Eisenhower asked the last Congress to extend the Reciprocal Trade Agreements Act for three years and give him power to cut tariffs as much as 5 per cent a year during that period. In the rush of last-minute business, Congress simply extended the old tariff program for a year. Eisenhower asked action on the new program in 1955.

**4-Fold Plan**  
The CED proposed that under a four-fold enlargement of the President's tariff-cutting authority:

1. Rates could be reduced by not more than 5 per cent a year for the duration of the extension. Unused authority should not expire, but carry over to later years.
2. Authority should be given to reduce to 50 per cent of the value of an import any tariff rate now above that level.
3. The tariff could be suspended on any product not produced in the United States in substantial quantities.
4. The President should be permitted to exchange tariff cuts for trade concessions other than foreign duty reductions. "American exports are frequently more limited by other countries' import quotas than by their tariffs," CED said.

CED went beyond the President in urging modification of the "peril point" and escape clause provisions of the law so these devices could be used against tariff cuts

## Cigarette Searchers See No Cancer Tie-In

PHILADELPHIA (AP)—Dr. Clarence C. Little, chairman of the Tobacco Industry's Research Committee, says his group "must be shown" any possible relationship between cigarette smoking and lung cancer.

Dr. Little told a meeting sponsored yesterday by trustees of the Jackson Memorial Laboratory, Bar Harbor, Me., that his group is "still from Missouri" on the alleged cigarette-cancer issue.

He said the Tobacco Research Committee is "doing perhaps the greatest thing that any industry has ever done about a health problem."

It has not yet been proven, he said, that there is any association between excessive cigarette smoking and cancer. "If there is some cause and effect relationship," he added, "we want to do whatever we can" to solve the problem.

The Jackson laboratory, which Dr. Little heads, raises mice for experimental purposes.

**AGED MAN IS KILLED**  
LEWISBURG, Pa. (AP)—Elbina Bender, 77, of Lewisburg, was killed last night when he walked into the path of an oncoming car here.

Harry T. Beck, Union County coroner, said the man apparently walked from between parked cars into a car driven by Elmer Farley, 58, of Lewisburg.

**NAMED JUSTICE**  
HARRISBURG (AP)—Gov. John S. Fine has appointed James G. Fogarty, McAdoo heights, as justice of the peace for Kline Twp., Schuylkill county, to serve until January 1, 1956, succeeding Louis Aita, who resigned.

only in case of "serious" hardship to a U.S. industries. These two clauses permit withholding of tariff cuts in certain cases where hardship would result.

The CED report was drafted by a subcommittee working under Howard C. Petersen, president of the Fidelity Philadelphia Trust Co., Philadelphia.

## Chinese Physician Has Shortest Name

CRESSON, Pa. (AP)—The newest appointee to the staff of resident physicians at Cresson State Sanitarium has the shortest name of any doctor to serve the institution.

Dr. S. H. Ma and his attractive wife are Chinese. His wife is a nurse.

The physician and his wife, a childhood sweetheart, came to the U. S. in 1951 separately to escape increased Chinese Red oppression. They were married in New York.

## FALSE TEETH That Loosen Need Not Embarrass

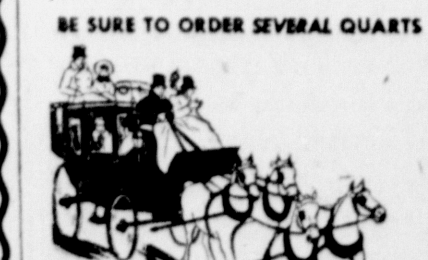

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEREETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEREETH at any drug counter.

## Uncle Who Killed His Niece Is 'Baffled'

LEBANON, Mo. (AP)—Thurman Priest, awedly as baffled as everyone else over the reason, was locked up today with months ahead of him to figure out why he killed the niece he says he worshipped.

The strange little man with a convincing way of talking was transferred to the Webster County Jail on the third floor of the courthouse in nearby Marshfield last night.

There he will await trial next year in Circuit Court at Lebanon on a charge of first-degree murder in the pistol killing of 11-year-old Jeannette Earnest last Wednesday.

He insisted that his love for the child, who could pass for much older than her years, was similar to that of a father for a daughter. There was no sex factor, he said.

## Michigan Sets Traps To Stop Gypsy Moth

LANSING, Mich. (AP)—Michigan has set 5,000 traps to determine whether a \$150,000 campaign to wipe out a gypsy moth invasion was successful. They are baited with the scent of female moths.

The Michigan gypsy moth infestation was the first located west of Pennsylvania, although the foliage-devouring pests have been common in New England and some other eastern states for years.
